AI Pathway courses:

9th Grade - **Digital Information Technology**

10th Grade – **Artificial Intelligence in the World (Semester I class)**

10th Grade – **Applications of Artificial Intelligence (Semester II class)**

11th Grade - **Procedural Programming**

12th Grade - **Foundations of Machine Learning**

12th Grade- **Capstone Project (Optional)**

Onn addition, we offer AP Computers Sciences Principals and AP Computers Sciences Principals as optional courses for this and other pathways.

AI Pathway certifications:

IT SPECIALIST – Devices and Management
When: *Digital Information Technology*

IT SPECIALIST – HTML/ CCS
When: *Digital Information Technology*

IT SPECIALIST – Computational Thinking
When: *Digital Information Technology*

IT SPECIALIST - Artificial Intelligence
When: *AI in the World*

MICROSOFT AZURE - AI Fundamentals
When: *Applications of AI*

IT SPECIALIST – Python
When: *Procedural Programming*

IT SPECIALIST – Data Analytics
When: *Procedural Programming*

MICROSOFT AZURE – AI Engineer Associate
When: *Foundations of Machine Learning*
